

Patent Application
Attorney Docket No. PC11830ARTR

-REMARKS-

Claims 22-48 are listed as pending in the application. Claims 22-31 have been allowed, and claims 32-48 have been rejected. In response, Applicant has amended the claims as recited above. Accordingly, introduction of the above amendments and withdrawal of the rejection to claims 32-48 is respectfully requested.

35 USC §112 Rejection

Examiner rejected claims 32-48 under 35 USC § 112, first paragraph, stating that the specification "does not reasonably provide enablement for any and all prodrugs." Applicant respectfully traverses. However, in order to advance this prosecution, Applicant has amended the claims, deleting "prodrugs." Accordingly, Applicant respectfully requests that Examiner reconsider and withdraw the 35 USC §112, first paragraph rejection of Claim 32-48.

-CONCLUSION-

Applicant, having responded to all points and concerns raised by the Examiner, believe this application to be in condition for allowance. An early and favorable action is respectfully requested.

Respectfully submitted,
